

# Summer INTERNSHIP

BELONG CHURCH

## EXPECT TO BE HELD TO A HIGHER STANDARD

We want to be up front in telling you now that although this program is meant to be fun and to grow you in an area that you are interested in, it is also going to challenge you to meet certain expectations. We are training you up to be a leader here at our church and in order to accomplish this we need your full commitment. This internship will be 7 weeks of your and our time in which we will need you to attend our workshop every Thursday afternoon from 12pm to 3pm starting June 15th. It will be your responsibility to be present each Thursday as we will be going over a lot. We also require that you serve each Sunday after the internship begins as these days will be hands-on training opportunities. We realize that we may be asking a lot of you, but please know that we are certain that you are more than capable to rise to these expectations. You will be encouraged to do your absolute best because our best is what God calls us to give when we serve.
